

# CREATING BIRD-FRIENDLY HABITATS

August 18-21, 2019

Discover how to make your property irresistible to birds and pollinators!

Presenters: Doug Tallamy, (Bringing Nature Home); Steve Kress, (Audubon Society Guide to Attracting Birds); Coastal Maine Botanical Gardens Andy Brand; and habitat specialist, Deb Perkins.

Learn about:

- Improving properties large and small for birds and pollinators.
- Selecting the best native plants for habitat improvement.
- Choosing bird houses, feeders, and water features.
- Obtaining grants for creating and enhancing bird habitat.
- Attracting butterflies, moths, and bees.
